

Elias is Ethiopian. He's been living in Germany for more than 20 years now. He works in the IT department of a medium-sized company and is happy with his life in general. However, he's very conscious that many organisations in Ethiopia don't use IT and communications technologies very efficiently. So he has decided to spend his next annual leave in Ethiopia. He's going to train staff at the Ministry of Agriculture in using state-of-the-art technologies and will be working with them to analyse and improve communication processes at the Ministry.

# SEEKING EXPERTS AMONG ETHIOPIAN DIASPORA

We are looking for well qualified people like Elias who want to share their expertise to boost Ethiopia's development – and broaden their own horizons.

For assignments in Ethiopia, we would particularly like to get in touch with experts in the following areas:

- + information and communication technologies
- + agriculture
- + education
- + health

What we offer:

- + an expense allowance during your assignment (50 euros per day or 1,500 euros per month)
- + reimbursement of your travel costs and a basic insurance package
- + identification of suitable organisations interested in the know-how you gathered in Germany – unless you already have your own ideas on a potential organisation, in which case please let us know
- + logistical in-country support from the organisation concerned or our staff in Ethiopia – for example in organising transport and accommodation

What you need to know:

- + You must be of Ethiopian origin and currently living in Germany.
- + For us to support your assignment, you must have obtained your professional qualification in Germany and gained several years' experience in the area of work you wish to pursue in Ethiopia.
- + Our support is available for assignments of between three weeks and six months.

Are you interested?

We'd be delighted to answer your questions. Contact us right away for more information.
